

CSR Initiative for 2008

As part of Vmoksha's initiative towards its Corporate Social Responsibility (CSR), this year we raised funds during Christmas season and donated it to Abraham's Orphanage located in Audugodi. The Orphanage caters to 12 children from North East India. Though it is a registered organization they do not have consistent financial support and solely depend on contributions such as ours.

The funds raised were utilized in buying school bags, grocery, payment of their outstanding school fees and providing lunch for the kids. The CSR committee was responsible for co-ordinating the entire program & other employees too joined during the visit and shared some light moments with the kids. The kids in turn conveyed their deep gratitude by entertaining us with their singing & dance.

Sure enough to say these initiatives rekindle in the children the hope of seeing a brighter future.
